SEE. FEEL. LEARN
ODYSSEY TRAVELLER CATALOGUE 2020-21

NEW LOOK CATALOGUE

www.odysseytraveller.com
Thank you for your ongoing support. This 2019 is an amazing year - the highlight of which is the number of people who continue to travel with us even well into their 90s.

We continue to refine the services we offer and increase the diversity of our tours to reflect your changing requirements when travelling. Over the last decade, Odyssey has adapted the programs to small groups of 12 people. We have listened to and read your helpful feedback, and we have enhanced our tours to ensure an excellent experience the next time a program is offered.

We see that you continue to adapt to technology, exploring and booking our small group tours on-line. We are adapting our processes to reflect this change as well, while our traditional service around the phone and postal service remains.

We have made a significant change to the look and feel of the Odyssey Traveller catalogue for 2020. As you browse through the catalogue, you will see that we have focussed on the key information required for you to make your tour selection. Detailed information for each tour is still available on-line or by post on request.

During the last year, some 20 new tours have been added to the collection. Many of these are included in this catalogue. A full list of tours is provided on pg 52 and on the website www.odysseytraveller.com. We continue to encourage you to consider travelling off-peak, as this will give you more time to explore with minimal crowds.

Page 6 details our four guaranteed Oberammergau departures. The next performances of the Passion Play will be in 2030.

Serving each of you is always a pleasure. Odyssey remains, as always, very appreciative of your decision to travel with us.

Safe Travels!

Mark & the team at Odyssey
ABOUT ODYSSEY TRAVELLER

We are very proud and grateful that nearly half of our groups include people who have travelled with us before, and have come back for more fun and learning.

Through travelling with Odyssey, the organisation selectively funds scholarships to university students throughout Australia and New Zealand to ensure that they can pursue their academic dreams.

Odyssey is committed to continuing the provision of significant tertiary grants to those with ability but who do not have the financial resources to study.

All Odyssey programs are open age tours for mature & senior travellers. Your demand for the diversity of learning programs offered each year allows this organisation to offer more than 500 departures to places all around the world.

Odyssey Traveller, educational travel specialists since 1983.

Over 140 educational programs offered each year • Competitive prices for all agency services • No hidden costs • Funds scholarships of AUD$10,000 to qualifying university students.

Talara Johnston: Talara pursued a degree in mechanical engineering at Queensland University of Technology.

Rebecca Wardell: Rebecca’s objective is to become a leader in the field of public health. Currently studying a Bachelor of Philosophy (Hons) at Australian National University (ANU).
